## OBJECTIVES

I am seeking a competitive and challenging environment where I can use my talents and skills that I have obtained to work with creative like-minded people. I am an A-type personality that loves the process of design to create beautiful and useful spaces or objects. I have a keen eye for detail, can organize chaos and enjoy learning new skills and different industries.

## EXPERIENCE

### Designer | The Design Company (TDC & co)

May 2018 - current

I am employed in the design studio at a firm that specializes in full turn-key services in the retail industry.

- Client: Checkers |country wide|

Implementation of the new Checkers store concept for revamp and new stores

- Checking architectural documentation to ensure that the new concept is implemented, per store.

- Design custodian for the new concept.
- Design resolution for various stores to showcase the new concept successfully, i.e. shopfronts, tiling layouts, bulkheads floor fixtures and signage positions.
- Briefing and redlining technical drawing packs and details to the drawing office.
- Liaising with art director for various brand and signage applications, in-store.
- Liaising with various suppliers to implement the concept, i.e. architect, shopfitter, visual merchandiser, signage supplier, lighting supplier, etc.
- Constant correspondence with client to receive briefings and new design requests to develop concept further.
- Site visits to snag and resolve issues as they arise.
- Concept development for a new Checkers spec.
- Sourcing of furniture and feature pendants to be used in-store.

- Client: Shoprite (Africa)

Create and implement a new concept store for Shoprite in Africa.

- Research current supermarket trends and competitors
- Create concept with look and feel for brand
- Implement concept within a chosen site.
- Creating of 3D models and renders to showcase new concept.
- Liaise with client and architect to implement new concept
- Liaise with art director for brand and signage application
- Briefing and snagging various suppliers for implementation in-store
- On-site design resolution as needed.
